“Through the Pamplin School of Business, I learned to take a holistic approach to business. I’ve had an amazing support system, starting with the faculty who are always willing to go the extra mile to make sure I succeed in my classes. The clubs are super inclusive and provide a lot of growth opportunities, too.”

— Ronit Chopra '25, Finance and Marketing double major, Entrepreneurship minor, ASUP Finance Director, President of Alpha Kappa Psi, Entrepreneur Scholar.

SPECIAL PROGRAMS

P4 Professional Development Program: Professional development and career exploration are woven into our curriculum providing tools and experience to launch your career after graduation.

Global Acumen Requirement: Successful business leaders need a solid understanding of global markets. That’s why international study is a core requirement of our business programs.

Emphasis on Ethics: You’ll get crucial training in recognizing ethical business dilemmas and thinking through solutions.

100% of PSOB students participate in a **high-impact internship**.

94% of PSOB alumni have a positive career outcome rate. (Survey average for Spring '23, '22, and '21 graduates.)
